

FISCAL NOTE

SB 337 - HB 853

February 22, 2001

SUMMARY OF BILL: Exempts medical providers doing home health services in workers compensation cases from the requirements for a certificate of need and licensing with the Department of Health.

ESTIMATED FISCAL IMPACT:

Decrease State Revenues - Not Significant

Other Fiscal Impact – Local Govt. – Cost Avoidance – Not Significant

Assumes some loss of CON fees to the Health Facilities Commission and licensing fees to the Department of Health. The amount of decrease cannot be determined but is estimated to be not significant.

Medical providers currently doing business with the state worker's compensation plan already have CON approval and are appropriately licensed. Passage of this legislation could help local government worker's compensation plans avoid some additional cost.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
